MECHANICAL

- Twin marine diesel propulsion engines with reduction gears
- Double tapered stainless steel shafts with collar zincs
- Cast manganese bronze heavy duty main and intermediate struts
- Cast manganese bronze rudders with button zincs
- Dripless propeller shaft and rudder seals
- Nibral propellers
- Structural aluminum frame engine beds
- Bronze through hulls and seacocks below the water line
- Bronze eel grass strainers with zincs on engine raw water intakes
- Basket type bronze sea water strainers for generator and air conditioning intakes
- Emergency bilge pump out valves on engine intakes
- Racor fuel / water separator filters for engines and generator
- Central oil change system for engines, transmissions and generator
- Double stainless steel clamps on all underwater hoses
- Air conditioning with reverse cycle heat throughout interior
- Forced air engine room intake ventilation
- Delta T engine room fans with mist eliminators
- Hydraulic steering
- Pressure demand domestic water pump
- Water system accumulator tank
- 20 gallon water heater
- Hot and cold water distribution plumbing

ELECTRICAL

- 240v ac, 50amp shore inlet with ELCI protection and galvanic isolation
- 17 kw diesel generator with remote start panel
- Power transfer switch for shore and generator service
- 120/240v ac distribution breaker panels
- Volt, amp and polarity indication
- Marine duty AGM batteries for engines, ships service and electronics
- 24v dc distribution breaker panels
- Molded fiberglass battery boxes
- Battery switches
- Battery parallel system
- Battery charger, multi bank, smart type
- Ground fault protected receptacles throughout
- Engine room receptacle, weatherproof, GFCI
- Cockpit receptacle, weatherproof, GFCI
- Internal bonding system with transom zinc plate
- Cable TV inlet with shore cord
- Overhead LED lighting throughout
- LED engine room lights
- LED cockpit spreader lights
- LED navigation lights
- LED reading lights for each bunk
- USB receptacles, 1 per stateroom, 1 in salon, 1 at helm

DECK

- Hand laminated using the highest quality materials
- Closed cell foam coring for strength and weight reduction
- Molded one piece cabin, cockpit and deck with integral pulpit
- Aggressive nonskid walking surfaces
- Deck hatches

- Bow pulpit fairlead with anchor roller
- Anchor rode deck pipe
- Heavy duty stainless steel bow, spring and cockpit cleats
- Stainless steel, flush mounted fuel and water fills, waste pump out
- Aluminum bow rail

STATEROOMS

- Choice of interior layout
- Overhead hatch or port hole with screen
- Cedar lined hanging lockers
- Generous storage compartments
- Vinyl headliner
- Vinyl wall covering
- Carpet floor covering
- Choice of decorator fabrics and colors
- Mattress, bedspread, pillows and shames
- 120v ac receptacle, GFCI
- USB receptacle

HELM / FLYBRIDGE

- Molded fiberglass command console
- Flush mount fiberglass dash for electronics installation
- Engine monitor displays
- Custom molded fiberglass hardtop with aluminum support frame
- Overhead LED lighting
- Safety grab rails
- Storage compartments
- 2 Helm chairs with cushions and footrests for helm and companion
- 110v ac receptacle GFCI
- USB receptacle
- Ritchie SS5000 Compass
- Water spigot

SALON / DINETTE

- Entry door with security lock
- Amtico flooring area at entry door
- Fine finished teakwood interior
- Built in seating with storage below
- Choice of decorator fabrics and colors
- Vinyl headliner
- Entertainment center with LED TV and stereo
- Storage cabinets
- Overhead LED lighting
- Carpet floor covering

GALLEY

- Solid surface counter tops with sink & faucet
- Storage drawers and cabinets
- Electric cooktop
- Dual drawer refrigerator / freezer
- Built in stainless steel microwave oven
- Dedicated circuits for receptacles GFCI
- Amtico Flooring

HULL

- Hand laminated using the highest quality materials
- Vinyl ester skin coat
- Solid fiberglass hull bottom
- Closed cell foam coring from the waterline up in hull sides and transom
- Reinforced keel
- Epoxy barrier coat primer
- Choice of standard bottom paint colors
- Choice of standard boot stripe paint colors
- White Awlgrip finish throughout engine room and bilge areas
- Bow pulpit integrated with hull lamination
- Molded, recessed trim tabs
- Molded recess for transom zinc
- Molded fiberglass main fuel tank with two auxiliary aluminum tanks

- Molded fiberglass water tank
- Molded overhead high gloss engine room
- Acoustic and thermal insulation
- Five water tight hull compartments
- Thru bolted hull to deck joint
- Heavy duty rub rail with stainless steel insert

COCKPIT / FISHING FEATURES

- Walk thru transom door
- Reinforced cockpit sole for optional fighting chair
- Recessed stern cleats
- Coaming bolsters
- Gunnel lockers
- Engine room access
- Dual massive insulated fish boxes with pump out
- Tackle storage center
- Pressure demand salt water wash down system
- Fresh water wash down spigot
- Transom livewell with dedicated supply pump
- Cockpit bait prep sink

HEADS

- Stall shower with glass door
- Automatic shower sump pump
- Porcelain electric toilet
- Holding tank with level indicator
- Macerator and deck pump out
- Y valve for overboard discharge or holding tank
- Upper vanity cabinet with mirrored doors
- Lower vanity with solid surface counter top, sink and faucet
- Storage in lower vanity
- Overhead hatch with screen and shade
- Vinyl wall covering
- Shower, overhead and vanity led lighting
- Towel bar, soap dish, paper roll holder
- Dedicated circuit for receptacles GFCI
- Air conditioning vent

SAFETY & USE

- Fire suppression system with discharge alarm and over ride
- Portable fire extinguishers
- Smoke / carbon monoxide alarms in interior areas
- Automatic / manual bilge pumps for each of 5 watertight hull compartments
- High water alarm system
- Type 1 life jackets (6 provided)
- Throwable ring bouy
- Dual concealed air horns
- Fog bell (provided not installed)
- Flare and signaling kit
- Compass
- Anchor and 300' nylon rode
- Dock lines 25' (6 provided)
- Grab rails throughout interior and exterior
- Tinted safety glass cabin windows
- Low maintenance materials used throughout interior and exterior
- Generous storage areas to eliminate clutter throughout
- Launch and make ready for delivery

OPTIONAL EQUIPMENT

- Custom color hull
- Seakeeper gyro-stabilization
- Mezzanine seating • Cablemaster
- Canvas bridge enclosure
- Refrigerated fish boxes
- Cockpit freezer • Cockpit controls
- Rod holders • Outriggers / center rigger
- Windlass • Custom Electronics
- Fighting chair • Fuel
- Name and port on transom
